5:30 p.m. **WORK SESSION - Conduct a Work Session on the Role of Site Councils in Site-Based Decision-Making**

This is an opportunity for the board to learn more about site-based decision-making including the role, membership and responsibilities of school site councils, the genesis of site councils in 4J and how site councils have evolved over the years, and similarities and differences in terms of how site councils operate within our district.

A team of 4J trainers, called CADRE, provides training for site councils and administrators. CADRE team members, led by Karen Apgar, will make the presentation and answer questions.

This is an informational work session. No changes in policy or practice are currently being considered regarding site councils or site-based decision-making.
