Write comments to complete the following:

1. Identify two or three Activity/Events from the list that you believe have been valuable to you as a leader and/or to the school that you lead. Comment on how each has increased your ability to lead and/or how your school has changed as a result of your participating in the activity/events you selected.

2. Identify one or two Activity/Events from the list that you consider the least valuable to you as a leader and/or to the school that you lead. Comment on what about each caused you to identify it as less valuable than others.
