Administrative Rule G2300.10 - Staff E-mail Usage

Last Updated: August 10, 2009

The following administrative rule concerning e-mail use is intended to promote an ethical and professional work environment and to meet the requirements governing the use of District computer resources. District e-mail accounts are provided to current District staff for the purpose of conducting District business, and to students to enhance their educational experience. Staff e-mail accounts will be deactivated upon termination of employment; student e-mail accounts will be deactivated upon graduation or withdrawal.

All District e-mail users are responsible for understanding and observing the District Technology Appropriate Use Guidelines, and all other applicable policies, regulations and laws in connection with their use of District computer technology resources. The District Technology Appropriate Use Guidelines are available on the District's website at www.4j.lane.edu/cis. These guidelines require that communications on District equipment be appropriate, professional, and courteous. These guidelines and state law also provide that an employee's District e-mail account is not to be used as a substitute for an employee's personal e-mail account. Using District-provided email for personal correspondence, except on an incidental basis, is prohibited. Conversely District business that is conducted by e-mail should use a District e-mail account and not a personal e-mail account. A personal e-mail account should not be forwarded to a District e-mail account and a District e-mail account should not be forwarded to a personal e-mail account.

All electronic mail records are considered District records subject to potential disclosure under the Public Records Act. Employees and students should have no expectation of privacy in their electronic communications.

All staff and student e-mails sent and received through the District e-mail system are the property of the school system and will be retained (archived) for a minimum of three (3) years. An investigation team will be established when necessary to review archived records. In the case of a litigation hold (a directive not to destroy electronic mail that might be relevant to a pending or imminent legal proceeding) normal retention procedures will be suspended for all related records.
