The amounts shown above reflect the premium for which you will be responsible, after any applicable District Contribution has been applied. If you receive an early retirement stipend payment, the incentive payment will be applied to the cost of insurance. If your incentive is more than the cost of the insurance, you will receive the remaining incentive amount on the last day of the month as pay from the District. If the cost of your insurance is more than your incentive amount, the remaining due for insurance will be withdrawn from your bank account on the 5th of the month (or the first banking day after the 5th if the 5th is on a holiday or weekend). The withdrawal on the 5th of the month will pay for the prior month's premium.
