When applying an equity lens ask yourself (or your group):

**Purpose**
What are we trying to do? What is our goal?

**Inclusion**
Who will be impacted and are they being included in the process?

**Outcomes**
How might this decision increase, decrease, or ignore equity?
Consider:
Race, gender identity, sexual orientation, LGBTQIA+, religion, age, country of origin, geography, disability, class/socio-economic status, the balance of power, etc.

Once you've determined what action you will take, ask yourself (or your work group):

**Communication**
How will we ensure communication to those affected takes place in an inclusive and culturally sensitive manner?

**Evaluation**
How will we know if we have accomplished our goal?
